

How to Participate in the Auction Sale of Apartment Opletalova 922/8

Procedure recommended by GAVLAS, spol. s r.o.

In accordance with the General Terms and Conditions, you must register at www.internetove-drazby.cz, log in to this specific auction, and deposit the auction security into the auction wallet. A printed application or sworn statement is not required.

How to register at www.internetove-drazby.cz?

If you are registering on a mobile device, we recommend rotating it horizontally. This will help you better see the green bubbles indicating registration errors.

- Open www.internetove-drazby.cz in your browser.
- In the top right corner, click the "REGISTRATION" button. A page will appear where you can choose one of the following options:
 - Individual – click if you want to purchase the apartment on your own
 - Married couples or partners – click if you want to purchase the apartment with another person (spouse, partner, friend) – always only two people
 - legal entity – click if you are purchasing the apartment as a company or other legal entity
 - Co-ownership – for three or more individuals purchasing together

After clicking, the appropriate form will appear. Choose a username and password, fill in the form, and remember your login details. Your username must not contain an email address, diacritics, special characters, or spaces. Your password must have at least 6 characters and also cannot contain diacritics, spaces, or special characters (e.g., *, !, -, /, @).

- Carefully complete all required fields. Fields marked with an asterisk are mandatory. (These details, including your birth number, are necessary for the purchase contract.) In the contact details, enter the same email address to which this invitation to participate in the auction was sent. If you provide a different email address, you may not be allowed to participate in the auction, even if you deposit the auction security.
- Check the box agreeing to the general terms and conditions and click "Save and Continue." (If the button does not work, you have likely missed some required fields.) On the next page, review your data, check the box "I confirm that the registration data is entered correctly," and click "Continue."
- A confirmation email will be sent to the address provided. Open it and click "complete registration" to finish. If the email does not arrive, check your spam folder. If it's not there either, you likely did not complete the registration properly. Most often, this is due to not checking "I confirm that the registration data is entered correctly" or not clicking "Continue."

How to log in to the auction?

- Open www.internetove-drazby.cz in your browser.
- Click the "Login" button in the top right corner.
- Enter your username and password, then click "Log in."
- On the auctions page, find the auction for Apartment Opletalova and scroll down to click the blue button "Join Auction," agree to the mandatory declarations, and click "Continue." (If the blue button does not appear, you may be trying to join too early. The start date for registration is indicated in the auction card.)

You will automatically receive an email with:

- the bank account number to which the auction security (deposit) must be paid
- a unique variable symbol to be used when making the payment (enter this in your payment order or deposit slip)
 - Specify the following as the specific symbol:

- Individuals – your birth number without slashes (or date of birth without dots/slashes if no birth number)
- Married couples – birth number of one of the spouses
- Legal entities – company ID number (IČ)
- Co-owners – birth number of one of the co-owners
