Please use the unique **variable symbol** that you will receive by email when you request the charging of your auction wallet in the electronic auction system as the **variable symbol**; please use your birth number as the **specific symbol**,

and if you are without a birth number (e.g. a foreigner), the date of birth in the form yyyymmdd. If you are bidding for the auction as two co-bidders (e.g. married couple), please enter only the birth number of one of you as a specific symbol.

The return of certainty:

Participants whose applications are rejected will be refunded their deposit within 10 working days from the date of the end of the E-auction for the last unit offered under this tender.

Bidders who do not win the auction will be refunded their deposit within 10 working days of the auction ending.

The winner of the auction will be refunded any difference between the deposit paid and the deposit required by the Apartment Rental Agreement within 5 working days from the date of conclusion of the Apartment Rental Agreement.

Auction progress:

Participants who meet the Terms and Conditions of the tender for the lease of flats announced by the Prague 3 Municipal District will be sent a confirmation message to the e-mail address specified in the application form and the start and end of the auction will be published on the www.internetove-drazby.cz portal. We assume that the auction will start within 3-5 days after the end of the deadline for submission of applications and will run for 2 days. We recommend that you bid for the first auction first and only bid for the next auction (auction with a later end date) if the previous auction (auction with an earlier end date) has already ended or if the price for the previous auction has climbed so high that it no longer makes sense for you to continue. This is because if you had bid on the next auction earlier, you would not have a return to the previous auction in your hands. You would have to wait for someone else to outbid you at that auction, and that may not happen until the previous auction ends.

Deadline for concluding the lease contract: after approval by the Council of the Prague 3 Municipal District within 14 days after the delivery of the invitation (for details, see the annex - Terms and Conditions of the tender procedure for the lease of flats announced by the Prague 3 Municipal District).

Basic terms of the lease agreement:

- a lease agreement for a fixed term of one year with the possibility of extension provided that the tenant will properly fulfill the obligations arising from the Apartment Lease Agreement,
- the start of the lease from 1.5.2026, unless the parties agree on a different start,
- the amount of the advance payment for services connected with the use of the apartment depends on the number of persons registered in the apartment,
- the security deposit is 2 months rent,

(For further terms and conditions, see the annex - Terms and conditions of the tender for the lease of flats by electronic auction 13. tender and the Model lease agreement).

The winner of the auction does not pay any remuneration to the Provider.

We wish you a successful auction. If you need any advice, please do not hesitate to contact us.
